

# PORTABLE SMART BATTERY CHARGER **12V / 24V**

## RK12000

### Features / Advantages

- Battery type : NORM, AGM, GEL, LITHIUM
- Memory charging function
- LCD display
- Winter and AGM charging mode
- 12V Lithium battery charging mode
- DC supply function: 13.6V, 4A output.

Model	RK12000						
Specification	12V 2A	12V 4A	12V 8A	12V 12A	24V 2A	24V 4A	24V 6A
Rated AC Input Voltage	220V AC - 240V AC / 50Hz / 60Hz						
Max Charging Voltage	14.6V			29.2V			
Starting Voltage	1.5V						
Max Input Power	37W	75W	150W	215W	75W	150W	215W
Charging Current	MAX 12A			MAX 6A			
Environment Temperature	0°C - 40°C						
Storage Temperature	0°C - 60°C						
Battery Type	12V / 24V Lead Acid Battery (NORM, STD, AGM, GEL, and Lithium Battery)						
Protection	Reverse Connect Protection, Short Circuit Protection, Over-Voltage Protection, Over-Current Protection, Overtime-Charging Protection, Over-Temperature and Fire Protection Function						
Size	199 x 219.3 x 123.2 mm.						
Weight	1.253 Kg.
